

DELIVERANCE MINISTRY 2 SYLLABUS SAMPLE

Certified by the Apostolic Network of Global Awakening
and
The Institute of Applied Theology of United Theological Seminary

Welcome to the **Christian Healing Certification Program** (CHCP) provided and sponsored by Global Awakening (GA). Deliverance Ministry is one of three certification tracks offered by GA, the other two being: Physical Healing and Inner Healing (referred to throughout the history of the Church more often as “Soul Care”).

The purpose of this Deliverance Ministry Course is to function as one part of the total package necessary to equip the saints to operate in Holy Spirit power and authority in order to expand the Kingdom of God.

The previous course, Deliverance Ministry 1 Course, established a Biblical foundation for the practical application of deliverance in the modern day church. It also focused on the 10-step process developed by Pablo Bottari of Argentina.

In this course, Deliverance Two, the student will focus on the relationship between deliverance and inner healing and will add breadth and depth to his/her understanding about how doors are opened and closed to the demonic. Students will investigate specific topics in order to comprehend what can cause demonization, how to identify those root causes, and what to do about them.

Deliverance Three develops a greater understanding of the deliverance ministry as a whole, goes into greater discussion of the actual deliverance session, and examines other models.

Deliverance Four details how to establish a deliverance ministry within the student's current ministry context and addresses the value and application of after care.

Good personal examples when required. Answers are well thought out, comprehensive and well presented. Student views and replies to instructor’s input.
Fail	Responses do not demonstrate a strong evidence of having read or watched / listened to assigned materials. No “bread crumb trail” references to the materials. Reflects no effort or personal examples when required. Answers are not well thought out, and there is excessive poor grammar and/or misspellings present. Discussion Posting Requirements and Guidelines:

- The course will run for eight weeks. Course content will be divided into units, with one unit to be completed each week. Learning experiences such as readings, audio, and video reviews will be assigned. Students are required to participate in on-line discussions, as well as other appropriate online activities including sending/receiving email, navigating the course, etc.
- A class week is defined as the period of time between Monday and Sunday at midnight Eastern Standard Time. NOTE: Because this is an online course designed to get feedback on assignments to you directly via Internet, you must make prior arrangements before submitting an assignment via email, fax or the postal service.
- Discussion assignments must be posted by students each week on Thursdays and Sundays by midnight Eastern Standard Time.
- Failure to turn in assignments by the date due, or timely participation in required online discussions, may result in the student being withdrawn from the course.
- Students are responsible to contact the instructor directly by email if they are having any difficulty posting or if they require additional time with assignments. Failure to do so will

result in a failing grade for that discussion assignment. Four failing grades constitute a failure of the course.

- Students are required to read and reply to at least one post per week of their fellow classmates that they find encouraging or insightful. Because this interaction and feedback enhances your growth as a student, it is strongly encouraged, but not required, to respond to more than three.
- Students are required to re-visit their posts and review the instructor's response by Sunday for Thursday assignments and by Wednesday for Sunday assignments. Your assignments will not be counted as completed and accepted for grading until you have posted back to your instructor's comments. Be sure to indicate in your response back to the instructor's comments that you fully understand their feedback.
- Please ensure that your communications reflect proper grammar. No texting style or other short cuts should be used. Students may be instructed to resubmit work containing excessive misspellings, incomplete sentences, etc. Please use Check Spelling on your work prior to posting, uploading or emailing.
- All students should use courtesy and online etiquette when communicating.
- Participation in the weekly discussion questions is required for the completion of assignments. Posts are not private and students are encouraged to respond to other student posts.
- Discussions are not to be used for any other purpose or communications.
- Communications such as prayer requests, events or conferences, exchanging contact information, etc. should be conveyed privately using student emails or the built in messaging system.
